Summary

Computer Science undergraduate at RGUKT with strong foundations in Data Structures, Algorithms and software development. Experienced in building backend-focused academic projects and quickly learning new technologies. Demonstrated problem-solving ability through DSA problems solved on LeetCode. Aspiring Full Stack Developer looking for a full-time opportunity to contribute to real-world software systems and deliver impactful solutions.

Technical Skills

Languages: Java, Python, C, SQL

CS Fundamentals: Data Structures, Algorithms

Developer Tools: Git, GitHub, VS Code

Technologies/Frameworks: Node.js, Express.js, MongoDB

Projects

Smart Outpass Management System | *Java, MongoDB, Node.js*

- Designed and developed a web-based system to automate student outpass requests.
- Implemented backend APIs to handle authentication and approval workflows.
- Optimized data handling using appropriate data structures for faster retrieval.
- Collaborated with a team to gather requirements and deliver the project within deadlines.

Achievements

NPTEL Certifications

- NPTEL certification in Artificial Intelligence – Search Methods for Problem Solving with a score of 73%.
- Elite certification in NPTEL Cloud Computing with a score of 80%.
- Solved 300+ Data Structures and Algorithms problems on LeetCode.

Education

Rajiv Gandhi University of Knowledge Technologies, Srikakulam

2023 – 2027

Bachelor of Technology in Computer Science and Engineering (Pursuing)

CGPA: 9.1

Rajiv Gandhi University of Knowledge Technologies, Srikakulam

2021 – 2023

Pre University Course(PUC)

CGPA: 9.6

Sri Gurukula Vidyalayam, Srikakulam

2021

SSC

CGPA: 10
